

GYMPASS FAQ

REGISTRATION

How do I sign-up? To register with Gympass and start earning, follow these steps:

1. Log into your Castlight account
2. Select Gympass from the Benefits tab.
3. Select “Details” under Link your Gympass Account to create your account
4. Re-open Castlight and select “Details” under Download Gympass app, then follow your phone's prompts to download the app and open it
5. Select “Get Started” then login using the password you created for your account when you linked Gympass to Castlight in Step 3. Sign-up for the plan of your choice*

*Review the gyms included in each plan before signing up by selecting “Explore what is included” under the plan in which you are interested, then add the plan you’d like to try for your free trail to your basket. Next, proceed to checkout and enter card details to purchase. You will be charged once your free week ends. You will receive an email with details of your membership.

You can also see which wellness apps are included in each plan by clicking ‘See more apps’ under the plan you are reviewing.

Can I review the gyms and wellness apps I can access before signing up? Yes! It is free to create your account and view all the facilities and wellness apps before enrolling/signing-up with Gympass.

How much does it cost?

	<i>Prices shown per month</i>	
Plans	Access gyms worth up to	You Pay
Starter	\$40	\$9.99
Basic	\$70	\$24.99
Bronze	\$100	\$44.99
Silver	\$150	\$69.99
Gold	\$250	\$119.99
Platinum	\$350	\$179.99
Diamond	\$450	\$249.99

Who is eligible to use Gympass? All employees and spouses/domestic partners eligible to use Castlight are eligible to sign-up for Gympass with the Activision Blizzard employee discount. Employees can also invite up to 3 dependents at the Activision Blizzard rates.

Can I add family members to my plan? Spouses and domestic partners enrolled in Castlight can also enroll in Gympass through Castlight and gain access to the Activision Blizzard employee discount. An employee with an active Gympass plan can also refer up to 3 dependents that are not enrolled and/or not eligible for Castlight by logging into their account and selecting *"Add a Dependent"* from the home page. You can also invite dependents by going to *"Profile," then "My Plan,"* and scrolling down to click *"Add new dependent."* Your dependent does not need to be on the same plan as you and you can opt to pay for the plan or have the family member pay for their own plan!

HOW IT WORKS

How do I book a class? Simply visit the specific gym page via the Gympass app or look at the list under the live classes tab and follow the specific instructions for each gym/ studio. For in person classes, many gyms will instruct you to call or email in advance. You can also walk into a gym and sign up right there - if the class has space!

For some locations, you will be able to book directly through the app. This feature is only available for locations that use the MINDBODY scheduling platform. Keep an eye out to see your favorite gyms integrated.

Note: Even if you sign-up in advance for a class, you must still Check-in through the Gympass app when you arrive for your visit to be validated in Gympass/Castlight. For live classes, click the link you receive via email to join the class and get credit for checking in.

How many times can I visit a Gympass facility? Gympass offers you unlimited access on a daily basis to any facility in their network. Yes, this means you can visit the same gym every day!

Can I go to a gym in the morning and then do a class in the evening? You cannot! Currently, Gympass is restricted to one use (in-person or live class) per day.

I want to book my classes in advance. How can I see what I have booked? When you book a class through the Gympass app you will receive an email confirmation from Gympass for that class. You will also be able to see your upcoming classes directly through your app on the Gympass home page.

How do I check-in when I visit a gym or studio? For in-person visits, to validate your visit select *"Check-in"* from the bottom bar navigation. A list of gyms will appear based on your location (make sure you have location services enabled), select your desired venue, and let the staff know you are a Gympass user. The staff will then validate your check-in and you will then see the total check-ins on your homepage increase. If this is your first visit to that gym or studio, they may ask you to present your ID.

For live classes, you will receive an email with a link to join the class. Click that link or join the class from inside the Gympass app to receive credit for checking in.

**Please note, you can only visit one venue per day.*

What happens if I do not show up for a class or cancel a class? Is there a charge?

Gympass does not charge a no-show or late cancellation fee for the employee. If you do happen to no show or late cancel, you will lose your daily check-in for that day. A late cancellation is determined by the individual gym's policies and is normally 12-24 hours before the class. Make sure to cancel at least 24 hours in advance if you will not be able to make the class on time.

GYMPASS NETWORK

My favorite gym is not part of the Gympass network, can I add it? We take (and love) referrals! Our Gym Partnerships team is constantly working to expand our already growing network. Send your suggestions via your Gympass account. Open the app, click on *"Profile"*, and scroll down until you see *"Refer a gym."* Give us any information you have, and we will update you when it joins the network.

How quickly will my requested gym be signed up? Your request is sent to the Gympass team and you will receive an email notification when the gym has joined the Gympass network. The time this takes varies from gym to gym, and there are no guarantees... but we will do our best.

I am already a member of one of the Gyms, can I transfer my membership over to Gympass? We are unable to merge memberships as we have no control over individual gym contracts. Depending on your contract, if you are tied in for 12 months you would need to see out your membership or incur a cancellation fee before accessing that venue through Gympass. If you are in a rolling "month to month" contract, then you can give your notice and sign up with Gympass when ready. Gympass does not buy out contracts or pay any cancellation fees for an individual membership.

How do I search for a specific gym? You can search for gyms by selecting *"Search"* from the bottom ribbon. You can search the gym by name in the search bar or you can use the map feature to locate facilities in a specific area or the list feature to scroll through facilities nearby.

How do I determine which package is best for me? The Gympass network and associated pricing for Activision Blizzard is not available to the public. To explore this great benefit, you must create a free Gympass account via the Castlight app and search for Gyms/Studios from there. You can filter according to your personal preferences to understand what will work best for you. There are seven plans available to choose from and you can review the list of providers available in each plan before signing up by creating a Gympass account. You also get your first week free to try out a plan.

ACCOUNT MANAGEMENT

Can I change my plan? Yes! You can upgrade or downgrade your plan at any time by logging into the app and selecting *"Profile"*, *"My plan"*, *"Manage my plan"*, and then selecting the plan you would like to switch to. If you need assistance or have questions, contact activisionblizzard@gympass.com who will be able to help. The active plan at the time of upgrade/downgrade will continue through the end of the billing period and the newly selected plan will begin the following billing month.

What is the Gympass account cancellation policy? Is there a charge? You can

cancel your plan at any time, free of charge. Open the app, select *“Profile”*, and go to *“My plan”*, then *“Manage my plan”*, and *“Cancel plan”*, to cancel your plan. You will be able to access gyms as normal until the end date of your current monthly plan. Monthly billing will cease once you have confirmed cancellation. Plans are renewed monthly and there is no minimum term or contract length.

Can I delay the start date/activate my account at a later date? Plans are activated instantly upon payment, so it is not possible to delay the start date. We recommend purchasing on the day you want to begin membership.

How do I pay? Payment is taken automatically from your debit or credit card on the same day each month. You can update payment details in your account. We also issue a \$1 test deposit to verify your bank account and make sure we have the correct bank account. The \$1 will automatically be refunded to your account once confirmed.

Can I change my payment date? It is not possible to change the date that your plan is renewed. If you need to change, the best thing to do is cancel your current plan then repurchase on the date you want regular payment to be taken.

I am going away for a while; can I freeze my membership? It is not currently possible to freeze memberships for a period. You can always cancel and then restart whenever you are ready. There are no penalties or fees associated with canceling or restarting.

What happens if I leave Activision Blizzard? Once we receive confirmation that you have left the company, you will receive an email explaining how your terms will change. Your plan at the time of your departure will continue until your next monthly renewal date. At that time, your plan will move to a 30% discount from market rates. This discount will be available to you three months after your departure from Activision Blizzard. After the third month, you may continue your Gympass plan at market rate.

MANAGING POINTS

How many points can I earn for using Gympass? When you properly connect your Castlight account to your Gympass account, you will earn 10 points. You will earn an additional 10 points if you watch the video *Learn about Gympass*. You can check-in to a Gympass facility up to one time each day and earn 50 points per visit. An additional 10 points will be rewarded if you complete a 3-day streak.

I see my check-in in the Gympass app, but I do not see my points. How do I get them? Points for check-ins take between 24-72 hours to sync depending on daily volume. If you still do not see your points in Castlight 72 hours after your check-in appeared on Gympass, please email support@castlighthealth.com to open a ticket. Remember, you MUST check-in on the Gympass app for each visit to count. If you forget to check-in for a visit, please email activisionblizzard@gympass.com to correct this!

What happens if I do not see my check-in in the Gympass app? If you forget to check in or if the facility does not validate your check-in, you will not see your check-in in the Gympass app! If this occurs, please email activisionblizzard@gympass.com with the details of the workout you attended so they can reconcile the check-in. Reconciled check-ins will appear in your app between the 3rd and the 5th of the following month. Points will be available 24-72 hours after the check-in has appeared in the Gympass app.
