How can MSK Direct help?

Expert Care Advisors are here to help you make the most of your health benefits. They'll connect you with the best doctors, handle your appointments, and manage all the details—like collecting your medical records and getting you ready for your first visit.

Access to a team of experts to answer questions throughout your cancer journey. Our dedicated team of experts that specialize in your cancer type are here to support you throughout your cancer journey.

Support choosing the right hospital for you, wherever you live. We can help you find the best cancer hospitals that are close to home and accepted by your insurance.

Second opinions from MSK experts. MSK cancer experts will make sure you have the right diagnosis and help you make confident care decisions. You can choose to visit us in person, receive a written opinion for you and your local doctor, or may even be able to have a telemedicine* consultation. We're here to provide the best and most convenient option for you.

Cancer screening & prevention resources. We'll provide you with personalized screening recommendations and advice on how to reduce your risk for cancer.

* Available in most states.

Medical care provided by MSK will be subject to the standard out-of-pocket costs (such as copays, deductibles, and coinsurance) determined by your health plan.
