

Care Planning by Wellthy

Nearly everyone will be a caregiver at some point in their lives, yet the vast majority of people enter a care situation completely unprepared — risking their well-being, their finances, and their careers to focus on care.

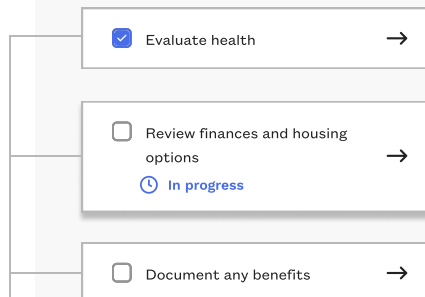

Rather than waiting until a crisis emerges, our Care Planning tool empowers you to plan ahead, stay organized, and feel prepared to give the quality of care your loved ones deserve.

Confidently prepare for future caregiving responsibilities

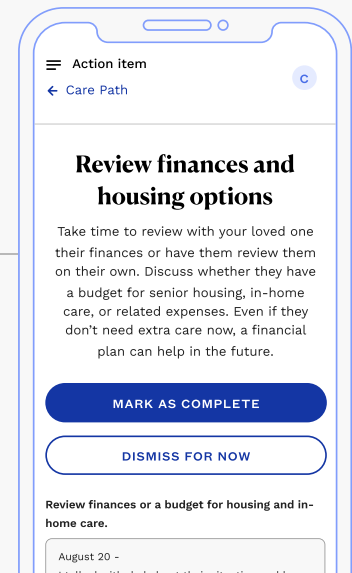

Care Plans guide you to answer your biggest questions through comprehensive Paths, action items, and educational resources

Care Paths intuitively group action items to help you focus on related to-dos

Action items surface important information and enable you to take notes, upload documents, and access expert-curated content
